WHAT ACTIVITY LEVEL IS RIGHT FOR ME?

- Start slow and work up to a level of exercise where you are sweating lightly and breathing harder – you should still be able to have a conversation in short sentences.
- Examples are brisk walking (as if you are late for the bus), bike riding or a water aerobics class.
- Add strength and resistance exercises when ready.

BENEFITS OF BEING ACTIVE

- Improve your Physical and Mental Health.
- Reduce your risk of Heart Disease by 33-50%.
- Reduce your risk of Diabetes by 25-58%.
- Reduce your risk of Alzheimer’s by 40%.
- Significantly reduce your risk of Hospitalization.

IDEAS FOR GETTING ACTIVE...

- Visit the Generations Playground.
- Enroll in an aquafit, water walking or gentle joints class at your local pool.
- Consider a pedometer or another activity tracking device and start walking regularly with a friend.
- Start an activity diary and bring to your next appointment.
- Call our Activity Coordinator for more ideas on how to get active.
